October 12, 2021

Time:
9.30 am– 13.00 pm

Cost:
Ibec member: €195
Non-member rate: €250

Programme Overview:

The Department of Health and the Department of Business, Enterprise and Innovation, in collaboration with the Health and Safety Authority (HSA) and the Health Services Executive (HSE) have published a Return to Work Safety Protocol designed to support employers and workers to put measures in place that will prevent the spread of COVID-19 in the workplace.

The Protocol requires each workplace to appoint at least one employee to perform the role of Lead Worker Representative. This employee must receive the necessary training to perform the role.

This half-day training course has been developed to help those selected as a Workplace Representative understand their role in helping to help prevent the spread of COVID-19 in their workplace and in the community.

Programme Outcomes:

On completion of this course, participants will be able to:

- Describe the requirements of the Return to Work Protocol
- Describe a range COVID-19 control measures
- Carry out a workplace inspection using HSA checklists.
- Provide management with suitable reports on the level of compliance and implementation of COVID-19 control measures.

Approach:

The programme is delivered by experienced Ibec Executives who provide members with advice, consultancy and training on a daily basis. Programme participants are encouraged to express their views and experiences. The programme facilitates participant discussion to ensure a thorough understanding of the key points and their application.
