

Safety Officer and Coordinator

Details

Duration: 3 Days

Delivery:
Online/Classroom/Blended

March 3, 4, 5, 2021

Time:
9.30 am– 5.00 pm

Cost:
Ibec member: €625
Non-member rate: €800

Programme Overview:

The primary objective of the Safety Officer and Coordinator Course is to provide an entry-level awareness course for those new to the coordination of health and safety. The programme will give participants an understanding of the key areas of occupational health and safety (OHS) legislation and guidance.

Programme Outcomes:

On successful completion of this course, delegates will be able to:

- Identify the strengths and weaknesses of their organisations safety statement
- Identify the core contents, arrangements, resources, roles and responsibilities required to manage health and safety
- Identify the necessary policies and administrative controls required to manage their health and safety risks
- Coordinate the completion of risk assessments of work activities
- Identify common hazards and risks in the workplace
- Identify sources of guidance and advice on health and safety,
- Coordinate the investigation of accidents, prepare reports.

Approach:

The programme runs over 3 consecutive days. There are a number of activities and case studies as part of the course to ensure that the key knowledge and skills are practiced.

The programme is delivered by experienced Ibec Executives who provide members with advice, consultancy and training on a daily basis. Programme participants are encouraged to express their views and experiences. The programme facilitates participant discussion to ensure a thorough understanding of the key points and their application. Real life case studies and exercises will be used to ensure a real practical understanding of each topic.
